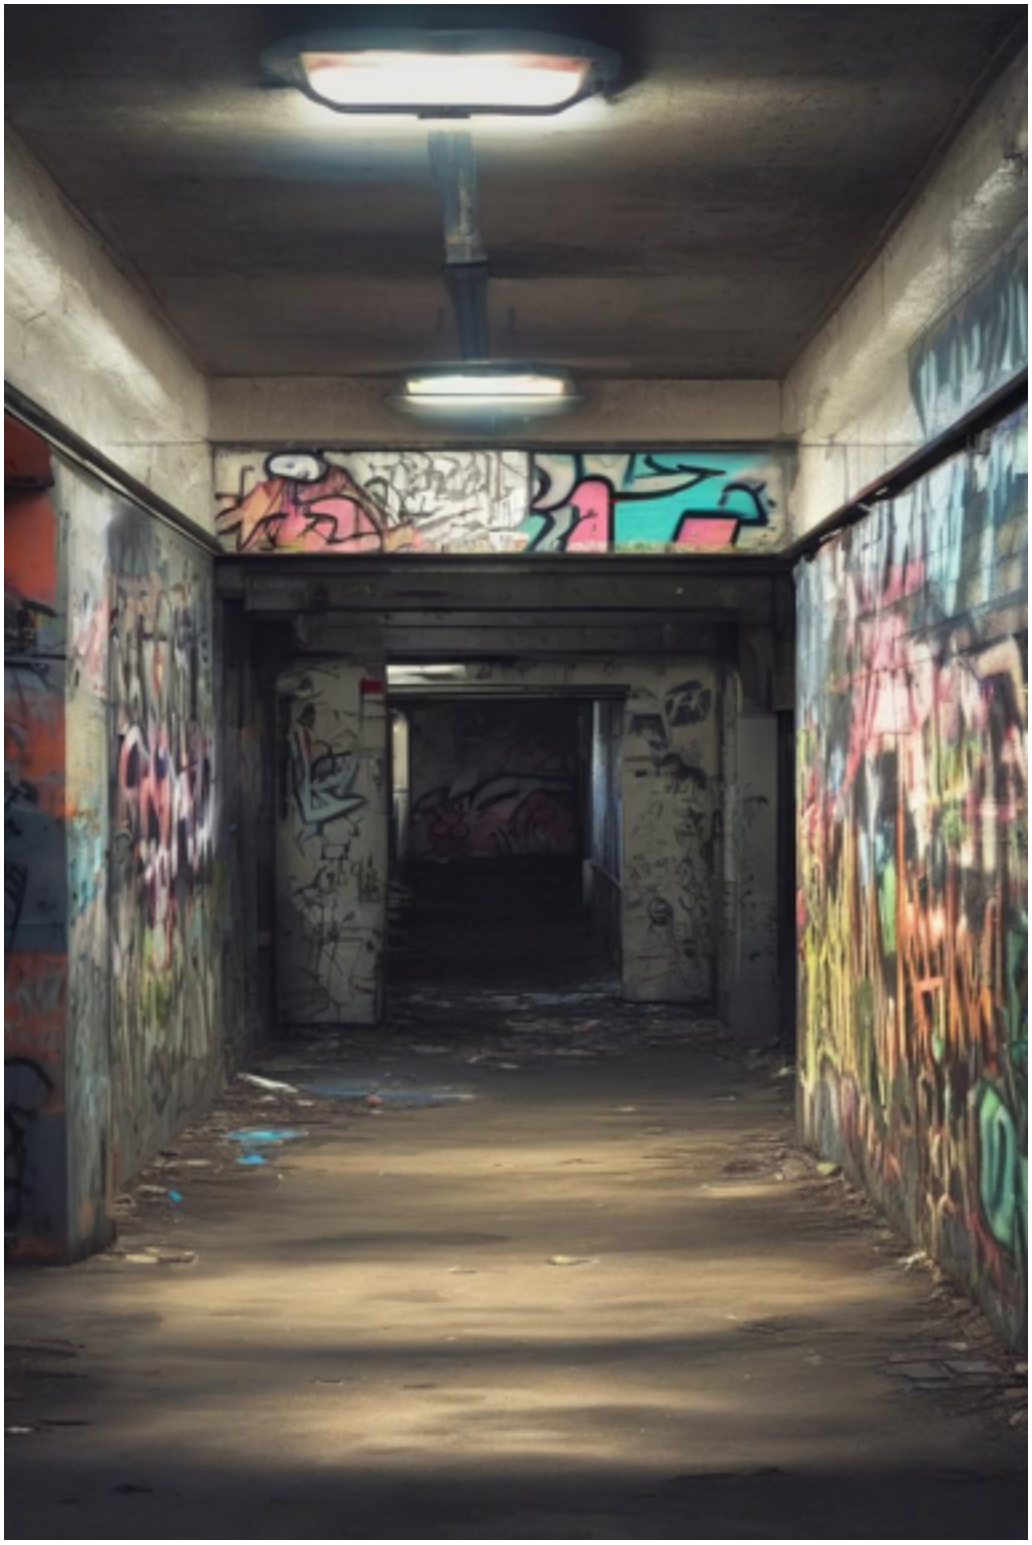
**Page 1**

A lone figure stands on a rain-slicked street, neon lights reflecting off the puddles as drones buzz overhead, creating an ominous yet beautiful skyline.

**Page 2**

Inside a cramped, dimly-lit apartment, a solitary person gazes out at the bustling city through a grimy window, lost in thought amidst flickering screens.

## Page 3



An abandoned subway station, where graffiti-covered walls echo the silence as shadows dance around a forgotten robot, symbolizing lost connections.

**Page 4**

A rooftop overlooking the vast cityscape at night, where one can feel the overwhelming isolation despite the vibrant life below, illuminated by thousands of flickering advertisements.

## Page 5

In a digital world, a figure sits alone in a virtual reality space, surrounded by avatars that represent companionship but feeling more isolated than ever, highlighting the contrast between reality and virtual connections.
